## **Supplementary agenda Item No. 1**

### **Infrastructure works at SAG, Alleppey at an estimated cost of Rs. 3473.54 lakhs**

#### **Justification**

Alleppey is situated on an Island at Punnamada.

Sports Authority of India Special Area Games centre was started at Alleppey in the year 1987 for Water Sports (canoeing, Kayaking & Rowing). Over the years the centre has produced 60 International which includes Arjuna award winner Sri. Jenil Krishnan.

Considering the achievement made by the centre and the potential of talent available, five acres of additional land has been given by the State Government in an Island for infrastructure development.

SAG, Alleppey is the most sought after destination for National Camps. The last phase camp of Asiad 2010 was held at Alleppey. However, due to the non availability of accommodation the same was provided locally by hiring hotel accommodation.

There are at present 3 hostel buildings (One with 25 beds and the other two with 17 beds each). The accommodations in these buildings are of dormitory type and no individual rooms with separate doors have been provided for the privacy of the persons living in it. These buildings are in dilapidated condition and have developed cracks.

The work for 50 bedded hostel was approved in the 50<sup>th</sup> Meeting of the Finance Committee of SAI held on 27.02.2007 for Rs. 315.11 Lakhs. This work was to be executed by CPWD. However, since there was inordinate delay in finalisation of building drawings, CPWD did not start the work as there was cost escalation due to the following reasons:

- a) Cost index increased from 280 to 300.
- b) Plinth area of Hostel building increased by 208 Sqmtr.
- c) Provision of pile foundation in lieu of normal foundation.
- d) Increase in VAT

CPWD accordingly, submitted the revised estimate for Rs. 707.21 Lakhs. However, in the mean time the overall requirement of Hostel was reviewed and considering the present number of inmates and National Camps being held, a need for separate hostels for STC Boys & Girls and National Campers is felt.

Keeping the above point in view there is a need for creating more infrastructure facilities at SAG, Alleppey. It may also be considered that National Games when held in Kerala, the SAG (Alleppey) is the venue for Water Sports for the National Games. The facilities thus created can be utilized for National Games also.

Considering the above, it is proposed to construct the following facilities at SAG, Alleppey:

Sl. No	Name of the work	Detail	Justification
1	Extension of existing building	Built up area - 1123 Sqmt (Corridor & Staircase area - 1650 sqft.)	The construction of modern fitness centre is expected to be over by 31 August, 2013. In the 1st and 2nd floor of modern fitness centre is 8235 sqft, open terrace is available. Considering the scarcity of land and height, construction due to soil condition, the open terrace can be made as lecture hall, office etc. NIS diploma in water sports is already to accommodated at Alleppey. Conference hall, scientific block etc can be constructed at this area.
2	Dining Hall	Built up area - 608 Sqmt.	Due to the increased cost of construction due to soil condition and scarcity of land, dining halls/mess/kitchen are not proposed for each hostel. Instead, The building will have two dining hall and a kitchen which can meet the requirement of SAG trainees, CoE trainees, NIS diploma holders and National campers.
3	C/o Boys Hostel	63 bed with lobby, wardens room, reading room and recreation room Built up area-- 1302 Sqmt, (Corridor & Staircase area - 860 sqft) Two storied buildings with pile foundation.	Boys are accommodated in the hostels which are declared as unfit for stay. Due to non-availability of building on rent, situation of staying in unsafe hostel is continuing. It is very essential to construct boys hostel. NIS Diploma students (gents) can also be accommodated.
4	C/o Girls Hostel	63 bed with lobby, wardens room, reading room and recreation room Built up area-1283 Sqmt, (Corridor & Staircase area - 780 sqft) Two storied buildings with pile foundation	Girls are accommodated in a rented hostel @ Rs.16000per month. Being a tourist place, the scope of getting rented building is very less. 5 acres of land is available at Alleppey. Modern fitness centre is already constructed. Work of boat house and paddling pool is tendered, expected to be over by march 2014. Accommodation is essential for Girls(NIS Diploma holders can also be accommodated)
5	C/o Hostel for National Campers	60 bed with lobby, wardens room, reading room and recreation room Built up area - 1684 Sqmt, (Corridor & Staircase area - 1400 sqft)	SAG, Alleppey was a National camp since its inception for water sports. Due to the non-availability of suitable accommodation, the camp is not held recently. The final phase of Asiad 2010 was conducted at SAG, Alleppey. Due to the most favorable climatic condition and availability of 2000m along water course, the site is the most sought after National camp site in water sports. Construction of Modern fitness centre is expected to be over by 31 August, 2013 and boat house and paddling pool will be over by March, 2014. Optimum utility can be ensured by extending the facility to National camp. Canoeing/Kayaking is an identified discipline COE also.
6	Developmental work	External services like road, path, sewer lines, water supply etc.	The development work pertains to the entire infrastructure listed above.

The above proposal was placed in the 65<sup>th</sup> Meeting of the Finance Committee held on 30<sup>th</sup> August 2013(Agenda Item No. 10) for approval but due to the budgetary constraints, the above proposal was deferred.

**Financial Implication**

The estimates of Rs. 3157.76 lakh has been prepared and submitted by NPCC Ltd. in May, 2013 i.e., about a year back. Considering the market escalation of about 10% per year, the estimated cost of work assessed is Rs. 3473.54 lakh.

The detailed estimate will be called from various PWOs and the work will be awarded to the PWO quoting the lowest estimates. The agenda shall be placed before the next GBM for approval as per the lowest quoted estimate.

**Concurrence of Finance Committee is solicited for issue of Administrative Approval and Expenditure Sanction subject to budget availability and appropriate price discovery for following:**

Sl. No	Name of the work	Detail	Estimated cost (in Lakhs)	Remarks
1	Extension of existing building	Built up area - 1123 Sqmt (Corridor & Staircase area - 1650 sqft.)	483.55	Do
2	Dining Hall	Built up area - 608 Sqmt.	327.03	Do
3	C/o Boys Hostel	63 bed with lobby, wardens room, reading room and recreation room Built up area--1302 Sqmt, (Corridor & Staircase area - 860 sqft) Two storied buildings with pile foundation.	554.17	Do
4	C/o Girls Hostel	63 bed with lobby, wardens room, reading room and recreation room Built up area-1283 Sqmt, (Corridor & Staircase area - 780 sqft) Two storied buildings with pile foundation	546.41	<b>Detailed Estimates enclosed as Annex-A</b>
5	C/o Hostel for National Campers	60 bed with lobby, wardens room, reading room and recreation room Built up area - 1684 Sqmt, (Corridor & Staircase area - 1400 sqft)	708.00	Do
6	Developmental work	External services like road, path, sewer lines, water supply etc.	538.60	Do

**REPORT**

**Construction of Hostels, Dining Halls, and Extension of Office Building with VIP Suite at SAG Centre, Alleppy for Sports Authority of India.**

NPCC has been appointed as Project Management Consultants and Execution Agency for Sports Infra Structure of Sports Authority of India (SAI) as per the agreement dated 25<sup>th</sup> February 2013 to execute various projects as per the requirement of Sports Authority of India. We have been directed to contact Regional Centres of SAI for taking up of various construction activities. One of the upcoming project is construction of buildings at SAI SAG Centre at Alleppy.

A joint site visit was made on 25.05.2013 along with SAI Officials for preparation of preliminary estimate of the subject work. Detailed discussions were held with Shri Premjit Lal, Deputy Director and other SAI Officials at SAI SAG Alleppy, regarding requirement aspects. As per the requirements projected, constructions of the following structures are to be taken up at SAI SAG Centre, Alleppy.

1. Extension of Office Building with provision of one VIP Suite.
2. Dining Hall with Kitchen.
3. 34 in 1 Hostel for boys.
4. 34 in 1 Hostel for girls.
5. 2 in 1 Hostel for National Campers.
6. Area Development works.

These structures are to be built at the SAI Centre, Alleppy where about 16354 Sq. Mtrs of total land area is available.

The following points have been discussed in detail during the site visit on 25-05-2013.

I. **Hostels:**

Initially there was proposal for construction of one 50 bedded hostel only. As per the present requirement, it has been proposed to construct 3 Nos. of hostel buildings one each for boys, girls and national campers as detailed below.

NATIONAL PROJECTS CONSTRUCTION CORPORATION LIMITED  
(A Government of India Enterprise)

1. 2 in 1 Hostel for 60 boys
2. 3 in 1 Hostel for 60 girls
3. 2 in 1 Hostel for National Campers for 60 nos. with

- Provision for attached bath rooms, toilets & wash basins.
- Provision of one warden, audio visual and recreation/reading room in each hostel.
- The construction can be a single or double storied.
- Provision of drinking water dispensers in each hostel.
- Option of RCC or pre-fab building.

## II Kitchen cum Dining Hall:

It has been proposed to construct a kitchen cum dining hall with the following facilities to cater the three hostel buildings.

- Kitchen - 1 No.
- Store room - 1 No.
- Pantry area - 2 Nos.
- Dining Hall for 75 boys and 75 girls. - 2 Nos.
- Drinking water dispensers.
- Freezer
- Dish washer
- Bio-gas plant
- Should have a provision for future vertical expansion.

## III Extension of existing office building and construction of VIP Suite.

It has been proposed to provide the following in the existing office building.

- To provide one room with staircase by extending the Ground Floor.
- To provide office accommodation in the first floor to accommodate the following personnel.
  1. Deputy Director Chamber with attached toilet- 1 No.
  2. Asstt. Director Chamber. - 1 No.

NATIONAL PROJECTS CONSTRUCTION CORPORATION LIMITED  
(A Government of India Enterprise)

- |   |   |       |
|---|---|-------|
| 3. Coach-In-Charge Chamber                                | - | 1 No. |
| 4. Conference Hall for 15 personnel                       | - | 1 No. |
| 5. Office for 8 personnel for Accounts and Administration | - | 1 No. |

➤ To provide VIP Suite in the second floor with the following.

1. Living room.
2. Bed room
3. Dining area
4. Pantry
5. Group 'D' change room.
6. Stores.

**The following provisions are also to be considered.**

1. Ground water sumps.
2. Solar lighting provisions
3. Terrace water tanks.
4. Generators.
5. Provision for two Nos. bore wells.
6. Solar street lighting.
7. Repairs to existing stone retaining wall.

While locating various structures in the available land area, the following parameters are to be followed.

1. All the structures to be kept at least 5 mtrs away from the edge of the retaining wall.
2. Pile foundation should be adopted.
3. Plinth should be 600 mm above the ground level.
4. Relevant Codes and practices shall be adopted.
5. Provision for auto-disposal arrangement shall be provided for sewerage disposal.

Based on the discussions and requirements, a preliminary estimate is prepared considering all parameters as discussed which works out to **Rs.31,57,77,106.76**

NATIONAL PROJECTS CONSTRUCTION CORPORATION LIMITED  
(A Government of India Enterprise)

1.	Extension of office building & VIP Suite -	Rs. 4,83,55,334.83
2.	Dining Hall -	Rs. 3,27,02,988.25
3.	34 in 1 Hostel for boys -	Rs. 5,54,16,942.66 ✓
4.	34 in 1 Hostel for girls -	Rs. 5,46,40,999.09 ✓
5.	2 in 1 Hostel for National Campers -	Rs. 7,08,01,014.90
6.	Area Development works based on CPWD rates -	Rs. 2,47,49,961.86
7.	Area Development works based on market rates -	Rs. <u>2,91,09,865.91</u>

**TOTAL**

**Rs. 31,57,77,106.76**

The preliminary estimate has been prepared based on CPWD plinth area rates – 2007 with applicable cost-index as on date. Taxes and fees of any kind payable to local bodies/authorities, if any, shall be paid extra. Service Tax and VAT, if applicable, shall be in addition to the cost projected above.

Cost of rising mains, UPS, aviation obstruction lights, storage water cooler, IBMS, etc. are not included in the estimate and the same can be taken as per actual based on requirement / functional utility of the proposed building.

Considering the all-around water logging and poor soil conditions pile foundation is proposed. Cost of under-reamed pile foundation has been considered as per the available soil data and the same may vary according to the actual detailed soil investigation and design.

In respect of provision of pre-fabricated super structure, the following points may be envisaged.

1. Pre-fab technology is not very common in these areas and the longitivity of the structure in a tropical high humid sea-side climate is

## Construction of Hostels at SAI SAG Centre, Alleppey ABSTRACT OF COST

Sl. No.	Description	Cost ₹.
1	Extension of existing office building & VIP Suite	48355334.83
2	Dining Hall	32702988.25
3	<sup>3 in 1</sup> 4 in 1 Hostel for Boys	55416942.66
4	<sup>3 in 1</sup> 4 in 1 Hostel for Girls	54640999.09
5	2 in 1 Hostel for National Campers	70801014.90
6	Area Development Works ( Based on CPWD Rates)	24749961.66
7	Area Development Works ( Based on Market Rates)	29109865.36
	<b>Total</b>	<b>315777106.76</b>

### NOTES

• This cost estimate is based on CPWD Plinth Area Rates – 2007, updated as on date and may vary according to the requirement and specification if other than the normal CPWD specification.

• Taxes and Fees of any kind payable to local bodies / authorities if any shall be extra. Service tax and vat if applicable shall be in addition to the cost projected above.

• Cost of rising mains, aviation obstruction lights, storage water cooler, IBMs etc. are not included in above rates and the same shall be taken as per actual based on functional / utility of the proposed building.

• Considering the all around water logging and soil condition under-reamed pile foundation is proposed.

- In respect of provision of Pre - fabricated superstructure the following points may be envisaged.
  01. Pre-fab technology is not very common in these areas and the logitivity of the structure in a tropical, high humid, sea-side climate is yet to be ascertained mainly due to the high usage of steel structures and its corrosion in the typical climatic conditions.
  02. Life span of a pre-fab structure is about 12 to 15 years and there is no major cost saving by way of using a pre-fab structure.
  03. The presnt project is aiming for a permanent establishment which can withstand the adverse climatic conditions for 50-60 years.
  03. The major advantage of time saving in the case of pre-fab structure cannot be utilised in this case as we are opting for a deep pile foundation which consumes more time.
  04. Considering the poor soil strata, waterlogging and sub-soil water movements, we have opted under-reamed pile foundation which can cater the load of the conventional superstructure.
  05. Usage of locally available materials which are climate friendly, will ease the construction process and expected to last for the period the structures are designed.
- Considering the above, provision of a pre - fabricated superstructure is not recommended.

## Construction of Hostels at SAI SAG Centre, Alleppey
